## Experience

### BIOMEDICAL RESEARCH/LAB ASSISTANT, UCSD SCHOOL OF MEDICINE, ED DENNIS LAB

SEPTEMBER 2016 - PRESENT

- Conduct Solid Phase Extractions, Bligh & Dyer experiments, and Bradford Protein Analysis to extract Lipids and determine the concentrations of samples.
- Virtually and experimentally screened compounds from various databases to find an inhibitor for Group VI  $\text{Ca}^{2+}$  Independent Phospholipase  $\text{A}_2$ .
- Extensive experience with cell culture, protein purification, and gel electrophoresis.
- Organize lab supplies, maintain supply stocks, and clean lab dishware

### SAN DIEGO HOMELESS HEALTH INITIATIVE VICE PRESIDENT, UCSD

SEPTEMBER 2017 - PRESENT

- Organize quarterly events where our team makes health kits and sandwiches, and then directly distributes them to homeless individuals in San Diego.
- Arrange fundraising events to pay for health kits items, i.e. bandaids, wipes, tissues, socks.
- Arrange donation drives, such as clothes and books, that we distribute to homeless youth.
- Direct our leadership team and allocate duties to each leader.
- Oversee our local high school chapter that helps fundraise money and makes health kits.

### BABYSITTER, WOODLAND HILLS

SUMMER 2016 , SUMMER 2017

- Picked up two children, ages 11-12, from school
- Watched them after school, assisted in homework help, and played games.
- Transported them to and from sports practice

---
